

STATE SENATE KILLS  
PIERCY RESOLUTIONEFFORT TO REVIVE MEASURE WILL BE  
MADE TODAY BY SENATOR DENVIRFour Bills to Abolish Death Penalty  
Will Be Considered Today—House  
Kills Two Bills by the Tabling  
Method—Predict Adjournment by  
June 1.

Springfield, Ill., April 13.—The state senate today killed the Piercy resolution, providing for the submission of an amendment to the constitution, Senator Smith's resolution providing for the submission of a constitutional amendment abolishing the cumulative system of voting for members of the legislature, also met death. The voting on the Piercy resolution was 23 to 5. On the Smith resolution the vote was 25 to 11.

To Call up Bill in House.  
Regardless of today's action Representative Rinehart of Effingham announced that he will call up tomorrow in the house his resolution providing for the amending of the constitution. An effort to revive the Piercy resolution will be made in the senate tomorrow by Senator Denvir, who changed his vote today. Four bills providing for the abolishment of capital punishment will be considered as a special order by the senate tomorrow. The senate judiciary committee has recommended that all such measures be killed. Governor Dunne who sent a special message to the legislature asking for the passage of such a bill may be asked to address the senate.

The controversy between Attorney General Lucey and Insurance Commissioner Potts will be brought to a head before the senate appropriations committee tomorrow when Lucey will ask that a deficiency appropriation of \$11,000 asked by Potts for fees for special attorneys for his department be denied. Lucey claims that his department could have done the work of the special attorneys but that no request for such service was made.

House Kills Two Measures.

The house also killed two measures today, both by the tabling method. One was the Burns bill providing for increasing the salaries of judges and clerks of circuit and Cook county to \$8 a day. The other was the Lyon bill giving protection against garnishment where garnishment already has taken place.

Because of the action of the legislature in killing practically every bill brought to a final vote, with the exception of appropriation measures, many predictions were being made tonight that an attempt will be made to adjourn sine die by June 1st or before. It is known that Speaker Shanahan favors an early adjournment and the appropriation committees of both houses are working hard to clear up all appropriation bills quickly. All wet and dry measures before the house will be acted upon week after next, according to tentative plans made today. All of the more important wet and dry measures have been advanced to third reading by agreement without debate.

To Visit University.

Members of both houses of the legislature will visit the University of Illinois on April 23rd and 24th, under the provisions of a resolution offered in the senate today by Senator Meeker. An invitation for such a visit was extended by President Edmund J. James.

William Hale Thompson, mayor-elect of Chicago sent communications to both houses thanking the members for their congratulations on his victory.

Another of the bills advocated and prepared by the state economy and efficiency committee was offered in the senate today by Senator Womack. The measure abolishes the state board of agriculture, the station state farmers' institute, the station state farmers' board and other agricultural boards and creates a superintendent to have charge of each bureau. A bill introduced in the house by Representative Sonnemann would require druggists, hospitals and physicians to give first aid medical services to injured persons. Representative Taylor introduced a bill requiring the primary nomination of all municipal officers in towns with a population of 1,000 or more. Beginning next week two sessions a day will be held by the house.

Hold Joint Meeting.

A joint meeting of the fish and game committees of the senate and house was held this afternoon and a public hearing held upon senate bill 92 and house bill 97. No action upon either measure was taken and further hearings will be held.

Sportsmen of southern Illinois submitted six propositions including the law as it stands on migratory birds, the squirrel law as it stands a possession clause to catch "game hoes," repeal of the provision permitting sale of game coming from other states, reasonable protection of rabbits and sixteen days open season on prairie chickens. The sportsmen of central Illinois differ in a few minor details from the southern Illinois sportsmen and the two held a meeting tonight to reconcile their differences.

Members of the sub-committee of the house industrial affairs committee to which was referred the McCormick bill, providing for an eight hour work day for women, today decided to go to Milwaukee next

REQUESTS PROSECUTION OF  
ALL QUARANTINE VIOLATORSStatement that There are a Hundred  
Cases of Smallpox in Vicinity of  
Clayton and Quincy Comes as Sur-  
prise to Officials There.

Springfield, Ill., April 13.—Dr. St. Clair Drake, secretary of the state board of health, today requested the state's attorney of Adams county to prosecute all violators of the smallpox quarantine near Quincy and officers who have failed to enforce the quarantine regulations as they were directed to do by the state board. Dr. Drake said there are nearly a hundred cases of the disease in the vicinity of Quincy and Clayton and that practically nothing is being done to prevent its spreading.

Report Surprises Officials.

Quincy, Ill., April 13.—A report from Springfield that there are nearly a hundred cases of smallpox prevalent in the vicinity of Quincy and Clayton and that the state board of health had requested the state's attorney of Adams county to prosecute all violators of the quarantine regulations and officers who failed to enforce these, came as a surprise to local officials.

State's Attorney Fred G. Wolfe stated he had not had a word from the state board and that he had not received a complaint relative to the prevalence of the disease. The health commissioner, W. H. Gross, made a statement to the same effect and stated further that there are at present to his knowledge, only four cases in Quincy and three of these have come to his notice since last Saturday. Gross also said that at no time within the past six months were there more than eight known cases of smallpox in the city of Quincy.

Each official advanced the opinion

that the reported number of cases

in outlying districts is greatly over-

estimated.

WEATHER BUREAU TO ISSUE  
PREDICTIONS EVERY TUESDAYWill Contain Forecasts for the  
Week Beginning the Day Follow-  
ing That of Issue.

Washington, April 13.—Weather predictions will be issued by the weather bureau hereafter every Tuesday with forecasts for the week beginning the following day. The new feature will take the place of a weekly general forecast, formerly issued each Sunday but discontinued owing to interruption of cable communication because of the European war. The first issue of the forecast today, for the week beginning April 14th, says in part:

"Great lakes region: Fair during the next three to four days; latter half of the week will be unsettled with local rains. Temperatures will rise decidedly from the 14th to the 16th and remain above the seasonal average the latter half of the week."

MINERS DENY REPORTS OF  
FRICTION WITH MINE BOSS

PANAMA, Ill., April 13.—Resolutions calling upon the press to deny published reports concerning friction between E. T. Grabruck, superintendent of the Shoal Creek Coal Mine, near here, and the miners were adopted here tonight by the local branch of the United Mine Workers of America. Reports from Panama last night said the miners held Grabruck responsible for a recent explosion at the mine and had ordered him to leave the city. Tonight's resolution said Grabruck had signed a statement denying that he had been molested in any way by the miners. The local union composed of both American and foreign miners denied any of its members ordered Grabruck to leave.

GERMAN EXPRESSES SYMPATHY  
FOR LOSS OF MEN ON THE F-4

WASHINGTON, April 12.—Captain Boyed, a naval attaché of the German embassy here, sent this letter today to Secretary Daniels:

"Assuming that the last hope that anybody is still alive in the ill-fated submarine F-4, must now be abandoned, I beg to express the deepest sympathy of the Imperial German navy and myself for the deplorable loss or so many brave officers and men. They died in loyal fulfillment of their patriotic duty. Accept, Mr. Secretary, the assurance of my perfect consideration."

DECLARE DETERMINATION  
NOT TO EMBARRASS COUNTRY

New York, April 13.—The far eastern bureau today announced that it had received a despatch setting forth that several of the leaders in the Chinese counter revolution of 1913 the so-called "anti-Yuan Punitive expedition" had addressed a cablegram to the leading Chinese vernacular papers declaring their determination not to embarrass their country at the present time by revolutionary plans.

Monday and Tuesday to investigate the Wisconsin state industrial commission. The object of the trip will be to see if the contest between employers and labor interests could be settled by such a commission.

INFLECTS HEAVY BLOW  
ON VILLA BESIEGERSCARRANZA CONSULATE CLAIMS VILLA  
DEAD AT MATAMOROS NUMBER 300

Second in Command of Villistas Is  
Brought Into Brownsville Danger-  
ously Wounded—Four Shells  
Drop Into Brownsville but do  
Little Damage.

Brownsville, Texas, April 13.—In a sortie today the Carranza garrison at Matamoros inflicted a heavy blow upon the Villa army besieging them, General Saulo Navaree, second in command of the Villa troops was brought to Brownsville tonight dangerously wounded and the Carranza consulate here claimed the Villa dead numbered 300.

The sortie drew from the Villa forces their long promised shelling of Matamoros, but the shelling stopped when the Carranza garrison returned to the trenches and tonight firing has ceased, with the positions of the armies practically unchanged. During the bombardment eight shells passed completely over Matamoros and four others dropped in the city where they caused little damage and no known casualties. The shelling demonstrated that so long as the Villa cannot retain their present positions to the extreme west of Matamoros, Brownsville probably is quite safe from the heights east of Telescopio, for Villa asserts that elsewhere in the Carranzan region than the Uzoek pass sector the situation is unchanged.

The Austrians have taken up the offensive further south in Bukovina, launching furious night attacks during torrential rain storms. At close quarters the bayonet was brought into play and Petrograd declares that the Russian troops held the advantage.

Requests Definite Information.

Washington, April 13.—The state department telegraphed tonight to its consular agents in the vicinity of Celaya and Tlapato for more definite information of the military situation in that section. Agents were instructed to keep the American government promptly advised of developments.

Interest in the outcome of the impending battle between General Villa and General Obregon is very keen among officials here as the question of communications with Mexico City from the border and relief of many interior towns suffering where food is short is at stake. Early reports from George C. Carothers, American consular agent at General Villa's headquarters, stated that the Villa forces had withdrawn after an opening skirmish. This was taken generally to mean in official quarters that the Carranza claims of victory in the opening struggle were confirmed.

El Paso, April 13.—General Villa telegraphed to the border here today that a messenger had arrived at his headquarters with the news that 8,000 Zapata troops under General Juan Banderas were pressing on from Mexico City to attack Obregon's army from the rear. Villa said that his forces were assaulting Celaya, the town held by the Carranza troops. General Villa's message was dated "Camp of Operations, Mexico."

Indicate Wholesale Execution.

Laredo, Texas, April 13.—Information tonight from Carranza officers and Nuevo Laredo, Mexico, indicated that 350 Villa soldiers who surrendered after yesterday's battle between Villa and Carranza armies near Huisachito, 30 miles south of the border as well as a number of Mexican women, variously estimated as between ten and eighteen were summarily executed by the Carranza forces.

BRYAN, MALONE AND PALMER ARE  
SPEAKERS AT JEFFERSON DINNER

PHILADELPHIA, April 13.—Secretary of State William Jennings Bryan, Dudley Field Malone, collector of the port of New York, and Former Congressman A. Mitchell Palmer were the speakers here tonight at a Jefferson day dinner attended by prominent Democrats from all sections of the state.

Every official act of President Wilson was highly praised by Secretary Bryan, who took each accomplishment of the president and compared it with the precepts of Thomas Jefferson, drawing the conclusion that President Wilson is a true Jeffersonian Democrat. He said the tariff, the currency bill, the trust legislation and all other notable things done in the last two years were accomplished by the president himself. Every pledge and promise of the party, he added, had been kept and the president had been scrupulous in every way with all his duties.

AUSTRO-HUNGARIANS CONFIDENT  
REGARDING OUTCOME OF WAR

VIENNA, April 13.—via The Hague to London, April 14.—(3:35 a. m.)—Confidence regarding the outcome of the war is the watchword everywhere expressed in competent Austro-Hungarian quarters despite the enormous sacrifices entailed. The Associated Press correspondent during a month's stay in the dual monarchy had an opportunity to meet and talk with virtually all the leading statesmen, including Count Von Berchtold the former foreign minister and Count Apponyi, the opposition leader and found none who indicated or intimated the slightest doubt regarding eventual success in the struggle.

## War News Summarized

Where for the last eight days there have been violent onslaughts by the French against German positions and vigorous counter-attacks by the Germans in the Woerve region, calm now reigns, apparently with a view to giving the belligerents, on each side a chance to gain their second wind preparatory to further maneuvers in the preliminary to the expected great spring fight for supremacy.

In the Carpathians, however, especially near the Uzoek Pass, the fighting continues with the same intensity that has prevailed for weeks and made the snow capped peaks and passes virtually shambles. Petrograd asserts that after desperate encounters the heights near the villages of Bulovitz, Benoff and Vysokozny were captured by the Muscovites and with them fifty-three officers and 2,700 men and gun and twenty machine guns.

Vienna takes issue with this statement by declaring that the Russian attacks in the vicinity of the Uzoek pass, which is considered to be of the greatest strategic importance as an outlet to the plains of Hungary, were repulsed with heavy losses.

Likewise is Vienna at variance with Petrograd's claim that advances have been made by the Russians on both banks of the Ondava and on several of the heights east of Telescopio, for Vienna asserts that elsewhere in the Carpathian region than the Uzoek pass sector the situation is unchanged.

The Austrians have taken up the offensive further south in Bukovina, launching furious night attacks during torrential rain storms. At close quarters the bayonet was brought into play and Petrograd declares that the Russian troops held the advantage.

MAKES FORMAL REQUEST FOR  
TIME TO REPAIR THE WILHELMCaptain Thierfelder's Request In-  
cludes Petition for Permission to  
Go into Dry Dock Immediately.

Newport News, Va., April 13.—Captain Thierfelder, commander of the German converted cruiser Kronprinz Wilhelm, delivered to collector of Customs Hamilton late today a formal request for time to repair his ship in this port. The letters were forwarded to the secretary of the treasury and their contents not divulged.

Relates to Temporary Repairs.  
While it is understood the German commander asked for three weeks as a maximum, he stated he would make every effort to complete temporary repairs and leave port before that time. His request related only to temporary repairs, as a thorough overhauling of the Wilhelm would require months.

Captain Thierfelder did not request coal and provisions, explaining that he would do this when the Washington government has decided how long he may remain in neutral waters. It is understood his request included a petition for permission to go into drydock immediately. Until this is granted the merchant raider must remain at anchor in the James river.

Search for German Raider.  
Late tonight it was reported that while two warships were guarding the Virginia Capes, four or five others were searching the Atlantic for another German sea raider. This served to revive speculation as to the German cruiser Karlsruhe, several times reported destroyed. Officers of the Wilhelm asserted that they did not believe the Karlsruhe had been destroyed. One declared the Karlsruhe had been heard from since she was last reported destroyed. A member of the crew stated the Karlsruhe last summer destroyed a British naval base at Bridgetown, Barbados Island, and that details of the exploit never were revealed.

OBJECTORS TO RATES ON COTTON  
PIECE GOODS CLOSE TESTIMONY

CHICAGO, April 13.—Objectors to the proposed increase in freight rates on cotton piece goods, one of the commodities in which forty-one western railroad systems are seeking advances in transportation charges, closed their testimony today before W. M. Daniels, interstate commerce commissioner.

In their presentation of objections stress was laid on transportation conditions such as carloads loaded and load by the shippers, alleged inequalities of rates on cotton piece goods as compared with other commodities and special rates in certain sections of the western world which they contended would work a hardship on manufacturers and dealers in a commodity in question.

WANT TO RAISE PHONE RATES.

Chicago, April 13.—Representatives of the DeKalb county Telephone company of Sycamore, Ill., appeared before the state public utilities commission today and asked permission to increase rates at DeKalb, Sycamore and Malta, Ill. The Boone county Rural Telephone company of Belvidere, Ill., also asked permission to change its rates. The commission took the arguments under advisement.

FOUR MORE DECIDE NOT  
TO CONTEST JUDGMENTWITHDRAW FROM APPEAL OF SENT-  
ENCE IN TERRE HAUTE CASETwelve Are Still Seeking Appeal  
Bonds—Roberts Has Two More  
Days to Secure Bond—Three of  
Those Sent to Jail Are Released.

Indianapolis, Ind., April 13.—De-sparing of giving bond for an appeal, four more of the men sentenced yesterday to the federal penitentiary at Leavenworth, Kan., by Judge Anderson, following their conviction on the Terre Haute election fraud cases, withdrew from the appeal today.

Twelve Still Seeking Bonds.  
Four stopped proceedings for an appeal in their behalf yesterday, leaving twelve who are still seeking appeal bonds.

In addition to Maurice Walsh, treasurer of the Vigo county Democratic committee and county sealer of weights and measures, who shortly after noon decided not to contest judgment, further the others who withdrew from the appeal are: Thomas Smith, city judge; Edward Driscoll, assistant city engineer and secretary of the Democratic county committee and Joseph O'Mara, street superintendent. O'Mara had been sentenced to Leavenworth prison for a year and a day and fined \$100 was permitted to return to Terre Haute after his fine had been reduced to \$1 which was paid.

Judge Anderson granted O'Mara's request to go to prison unattended and he will join Walsh and the four released yesterday on the trip which must be started by noon next Sunday.

Are Ordered Back to Jail.

Driscoll and Smith, each of whom received sentences of three years and fines of \$500, were ordered back to the Marion county jail after they had informed the court that they would not prosecute the appeal. Smith will be permitted to go to Terre Haute Thursday under a guard to arrange his business affairs. He will be brought back to Indianapolis and with Driscoll and others who may withdraw from the appeal or fail to give bond will be taken to prison in a body.

This means that Mayor Donn M. Roberts who was termed the "arch conspirator" by Judge Anderson and who received the heaviest sentence of all—six years imprisonment and a fine of \$2,000—will have at least two more days in which to further his efforts to obtain his appeal bond of \$60,000.

Three of those who received sentences to the jail here have been released. William Doyle, Dan Alban and Nick Burson, who were sentenced to one day in jail and to pay fines of \$100 each, served their time, paid their fines and have returned to their homes in Terre Haute. Alban and Burson pleaded guilty but Doyle stood trial.

TAKE 170 BALLOTS TO NOMINATE  
THIRD CANDIDATE FOR JUDGE

CHAMPAIGN, Ill., April 13.—After 170 ballots, George Sentel, of Sullivan, Moultrie county, was nominated today as the third candidate for circuit judge by the Republican convention of the sixth judicial district. Frank H. Boggs of Urbana and James S. Baldwin of Decatur were nominated on the first ballots, almost without opposition. Three other aspirants sought the nomination which finally was won by Mr. Sentel. They were Judge Fred C. Hill of DeWitt county, Charles F. Mansfield of Piatt county and Perry Moore of Douglas county.

WELSH SAYS WILLARD COULD  
HAVE WON FIGHT IN EIGHTH

SAN FRANCISCO, April 13.—Jack Welsh, who refereed the Johnson-Willard fight at Havana, Cuba, April 5th, when Willard won the world's heavy-weight championship said today upon his return to San Francisco that Willard could have won the fight in the eighth round.

"The big black man began to tear in and finish him but his manager, Tom Jones, held Willard back until he knew Johnson was gone, after Tom Jones, held Willard back with all his strength."

MAJOR LEAGUES OF ORGANIZED  
BALL WILL OPEN SEASON TODAYBig League Magnates Express Be-  
lief that Coming Season Will Be  
a Successful One for the Game.

New York, April 13.—The call of "play" will sound tomorrow for the two major leagues of organized baseball. Despite the war among nations abroad and the continuation of strife between divergent baseball interests tonight expressed the belief that the coming season will be a successful one for the game. Influences of the European conflict and other factors militating against interest in the sport are declared to have spent their force and baseball men seem confident that the game will be again well patronized by the public.

New managers in two cities in each league will make their bows tomorrow. In the National League, Roger Bresnahan will lead the Chicago Cubs on the diamond, while "Pat" Moran will perform a similar office in Philadelphia. In the American League, Clarence Rowland will appear as the new manager of the Chicago White Sox and William Donovan will begin the tutelage of the New Yorks in what their friends hope will be an upward course.

In the opening games in the National League, Brooklyn will play New York; Philadelphia in Boston; Pittsburgh in Cincinnati, and St. Louis in Chicago. In the American League the openings will be: New York in Washington; Boston in Philadelphia; Chicago in St. Louis; Cleveland in Detroit.

INDICT PRESIDENT-ELECT OF  
ST. LOUIS BOARD OF ALDERMENTrue Bill Voted by Grand Jury  
Charges A. H. Frederick With  
Forgery in the First Degree.

St. Louis, April 13.—August H. Frederick who last Tuesday was elected president of the St. Louis board of aldermen, a position in which he would share with the mayor and the city comptroller the responsibility of drafting the annual city budget, today was indicted for forgery in the first degree. While this indictment was being voted by the grand jury further investigation into Frederick's affairs revealed four deeds of trust which appeared to attach to the office of the city recorder, to be fraudulent. If this supposition is true, the fraudulent deeds sold by Mr. Frederick will aggregate nearly \$40,000.

Mr. Frederick was the Republican nominee for president of the board of aldermen at the first election under the new city charter last Tuesday. He went in on the Republican landslide by 22,000 majority, though he ran 15,000 behind the high man on the Republican ticket. In a formal statement last night he said he would resign.

RUSS MEET STUBBORN  
OPPOSITION AT UZSOKFURTHER ADVANCE INTO HUNGARY  
HANGS ON POSSESSION OF PASS

Operations in Carpathians Are Be-  
lieved to Be in Charge of Ger-  
man General Staff—Parliament  
Session Which Begins Today Is  
Awaited With Keen Interest.

London, April 13.—(10:12 p. m.)—Two gateways into Hungary remain barred despite the tremendous hammering by the Russian forces and, as the Beskid Pass is the less important of the two strategically, a further advance into Hungary hangs upon the possession of Uzoek Pass, where the invaders are meeting with the most stubborn opposition.

Teutons Check Movement.

Several days ago the Russians captured a position which gave them command of a road leading to the rear of Uzoek Pass, but since then the Teutonic allies have checked the movement in this direction.

The importance of the Carpathian operations is indicated by the half hearted actions reported from the other sectors on the long eastern front where even the counter offensive in east Galicia, which evidently was planned to divert the Russian efforts from the passes, seems to have been prosecuted with little energy. The people of the dual monarchy are said to be greatly cheered by the number of German reinforcements passing through Budapest on the way to the Carpathian front to take part in the operations, which are now believed to be in charge of the German general staff. The whole campaign in the east pivots on Uzoek Pass, where the Austria-German forces are in such great strength that the efforts of the Russians to reach the Hungarian plains are likely to be prolonged.

In the west the French apparently are satisfied with their recent successes between the Meuse and the Lorraine frontier and claim only to have come in contact with the German entanglements in this region. Official German reports assert that determined attacks by the French have been repulsed along this sector.

Parliament Opens Today.

Probably no session of the British parliament since the opening of the war has been awaited with keener interest than the sitting which will begin tomorrow.

A "dry England," unknown except for a period of two years 150 years ago, is not beyond the possibilities, but the government has given not the slightest official hint as to what action may be expected in its determined decision to attack the problem prohibiting the consumption of alcoholic liquors. Several days ago an opposition paper published a forecast of the government plan which it asserted, contemplated the prohibition of all liquors, except light beer, which would be manufactured by the government. This prediction received some confirmation tonight from a government organ which declared that the entire business of the manufacture and sale of alcoholic liquors is to become a government monopoly.

VILLA CONSUL GENERAL IN  
NEW YORK ATTACKS HUERTADeclares that Both Factions in Mex-  
ico are United in Opposition to the  
Former Dictator.

New York, April 13.—General Huerta, formerly provisional president of Mexico, who arrived here last night from Spain, was attacked tonight in a statement issued by Francisco Urquidí, consul general in New York for the Villa provisional government of Mexico, who declared that both factions in Mexico, however divided, were united in opposition to Huerta. The Carranza representatives issued no statement, contenting themselves with declaring they had entered the former provisional president who spent a quiet day, remaining in the seclusion of his apartments of his hotel and denying himself to callers.

"There must be no misunderstanding of one matter," the Urquidí statement declared. "Though the revolution in Mexico unhappily is now divided, there is an absolute unanimity of opinion among followers of both General Villa and General Carranza in their hostility to Huerta and to all the reactionary elements which he has represented and still aspires to be president."

#### The Candidates.

Just about the strongest comment on the quietness of the present city campaign was made yesterday by a well known citizen when he said: "Why don't you print the names of all the candidates running for office. I do not believe half the people know the names of all who are running."

##### Mr. Williams and the Bankers.

There is certainly some embarrassment brewing for the national administration as the result of the injunction proceedings just filed against Secretary McAdoo by the Riggs National bank, the largest financial institution at Washington. The action which is the culmination of a somewhat extended period of disagreement between the bank management and treasury department, is said to have been caused directly by the action of the comptroller in refusing to pay to the bank \$5,000 interest on government bonds on deposit with the U. S. to secure circulation. The sum has been withheld because of the refusal of the bank to pay a fine of \$100 a day assessed by the department for a period of fifty days.

It does not seem likely that such a prominent financial institution would take the probably unprecedented action against the secretary of the treasury if unwilling to have the spotlight of publicity upon all its affairs, for the trial will certainly bring this publicity. Mr. Williams as comptroller has not been popular with the banking interests as a whole and he has several times been charged with interfering banking regulations in a way not calculated to bring the best results. The banking and business world will watch the proceedings with a great amount of interest.

##### In Lincoln's Memory.

Appropriate exercises have been planned for Springfield tonight to commemorate the fiftieth anniversary of the fatal wounding of Abraham Lincoln. The principal address will be made by Bishop Fallows, state commander of the G. A. R. Since that fateful night fifty years ago, millions of Americans have gone to Ford's Theatre in Washington to view the spot where the martyred president was shot down, and have also stood for a moment in the little room "in the

house across the street" where he passed away.

The Ford Theatre is soon to be torn down, but it is understood that the government plans to have "the little house across the way" preserved and made a part of its Lincoln collection. It was on the night of April 14th, 1865, that President Lincoln with his family attended the performance of "Our American Cousin."

It was at the close of the great war, and the president was there just for a few moments relaxation. Later in the forenoon, the president attended the last meeting of the cabinet. All the members were present except Mr. Seward, the secretary of state, who had been injured in a fall from his horse. General Grant was present, and occupied by invitation the seat of Secretary Seward. The situation after the close of the war was discussed, and President Lincoln spoke with kindness of General Lee and expressed himself strongly against harsh measures in the south. The terms of Lee's surrender were fully approved.

During the afternoon, the president received many visitors, and toward evening he was tired out. He had promised to attend the theatre that night, and rather than disappoint the people, who had looked forward to the event, he prepared to go. Just before starting for the theatre, President Lincoln paid his customary visit to Secretary Stanton at the war department. It just happened that the president, while returning to the white house, accompanied by Secretary Stanton, referred to the often-expressed fear that some assassin would seek his life. The president said he was confident that his guards would prevent any attack. Many times before he had stood without protection and talked to gatherings at the white house.

It was at the close of the first act that Booth fired the fatal shot and leaped from the box onto the stage, injuring his leg in the fall. Before Booth escaped, he stabbed William S. Withers, who blocked his way. It was Withers who positively identified Booth. Booth escaped through a window in the rear of the theatre. He dropped into an alleyway that remains today, and fled through the night. He was hunted down and shot while refusing to surrender.

Wounded to death, President Lincoln was carried from the theatre amid a scene of intense excitement. He was taken to a house across the street, occupied by a tailor named Peterson. In a little room of that house he died the following day, April 15, surrounded by members of his family and the officers of his cabinet.

#### PAY TRIBUTE TO AMERICAN JOURNALISM

American newspaper men were recently paid a marked tribute by their English brethren. The American representatives of the press associations have felt very much dissatisfied with what they have accomplished as so much of the matter they have secured has been censored, but it seems that Sir Edward Grey's replies to the Associated Press interview with Von Bethman-Hollweg, the German chancellor, and Frederick Palmer's interview with Sir John French did not appear in the English press at the same time that they did in America. A London editor's comment gives emphasis to the different methods of journalism which apply in England and America. When someone expressed surprise that the interview with King Albert of Belgium which the Associated Press carried some weeks ago did not appear in his paper, he replied, "It never occurred to me that a king would see a reporter."

## STATE DEPARTMENT OFFICIALS CONSIDER GERMAN MEMORANDUM

WASHINGTON, April 13.—State department officials were considering today the recent memorandum of the German ambassador, Count Von Bernstorff, on the question of the shipment of foodstuffs and the exportation of arms but no intimation was given as to the character of the reply to be made. In the communication submitted by the German ambassador there was no statement as to whether the communication was sent by direction of the Berlin foreign office. As a consequence there was a disposition in official quarters to look upon the memorandum as a statement of the personal views of the ambassador. Since then however, Count Bernstorff has stated publicly that he acted on instructions from his government in framing the memorandum although this information has not been communicated to the United States government.

## GARRISON AND LEWIS SPEAK AT JEFFERSON BIRTHDAY DINNER

NEW YORK, April 13.—Lindley M. Garrison, secretary of war, made a strong plea for local autonomy in government in an address on Democracy at the annual Jefferson birthday dinner of the National Democratic club here tonight while Senator James Hamilton Lewis of Illinois eulogized President Wilson and said he did not believe the president would consent to become a candidate for re-election if his policies had been executed into laws. Secretary Garrison maintained that the state should attend to its duty and that it should not usurp city powers.

## SAYS SUNDAY IS TO BE ASKED TO WAGE CAMPAIGN IN ENGLAND

NEW YORK, April 14.—Billy Sunday is to be asked to go to England to wage a prohibition campaign among the working men of that country according to the Tribune today. A request for Sunday's address, it says, has been made of its London correspondent by Sir Henry Edward Randall, director of the Business Men's campaign for prohibition in England, so that a cable message might be forwarded to Sunday asking him to engage in a revival tour of England for the purpose of battling against liquor. Sir Henry is quoted as saying he hoped Sunday could make arrangements to close his present campaign at a reasonably early date so that he might come to England.

WINTER RETURNS IN ALPS.

## MILLIKIN WILL HAVE SEVEN VETERANS ON BASEBALL TEAM

Decatur Nine has Bright Outlook for Season and Rentschler is Expected to Shine in Box.

Millikin university is one of the teams which Illinois college will meet on the baseball diamond this season. The Decatur Review in speaking of the squad says:

"With seven veterans back in the lineup this season, Coach Neal Price hopes to make a creditable showing in baseball. Although the team will be weakened on the infield by the loss of Delos Brown, and Ray Chynoweth, Coach Price hopes to be able to fill their places with some of the new material.

With Rentschler and Wasem as battery, the coach should not have to worry about this department. "Daddy" Wasem is probably the most experienced player on the squad and can be depended upon to care care of the catcher's position. E. Penhalligon will probably hold down first sack, and Williams, a former Millikin player, will be tried on second. Tenney, who has played a good deal of ball in the past with Springfield Training School and other eastern schools, will also probably hold an infield position.

Raymond Vertrees, a freshman, has also been showing some good form and will practically be sure of a berth. Others who have been showing up fairly well are Teague, Long, Jacobsen and Krieger. It is rumored that Fred Long, who was one of Millikin's heavy stick men last season, will be ineligible this season.

Last year was Rentschler's first year at college baseball, and he pitched a creditable game through the whole season. With last year's experience, Millikin fans are counting on him to fan their opponents right and left.

Rentschler originally hailed from Mount Vernon, which is the "home town" of a number of Millikin baseball stars. He pitched for the Mount Vernon high school nine for two years. Rentschler will graduate from the J. M. U. Academy in this year's class.

GEORGE P. DAVIS, Candidate for Commissioner

George P. Davis, who is one of the eight men now seeking preferment as a city commissioner, is another Jacksonville product, as he has lived here all of his life; that is, to be more explicit since August

2, 1868. Mr. Davis is the son of the late John Davis, and the family home was for a great many years on East North street.

After attending the public schools Mr. Davis learned the trade of a printer, and following his apprenticeship was thus engaged for a number of years. When Gov. Yates was an office Mr. Davis was appointed a clerk in the office of the railway and warehouse commission and served during the administration.

In 1906 Mr. Davis was appointed chief of police of Jacksonville and has served in that capacity during the greater part of the time since. He has been justly accredited with general ability in that department, and his interest and devotion in the special work of the department have enabled him to make a record for efficiency. Mr. Davis is a member of Centenary M. E. church and is very active in fraternal organizations. He is a Mason, a member of the Blue Lodge, Chapter, Council and Commandery, and was recently elevated to the 32d degree in Springfield consistory. He is also a member of the Myrtle Shrine, a Pythian, an Odd Fellow, a Rebekah, an Elk and a Red Man.

DOLAN-FARRELL WEDDING IS SOLEMNIZED IN MURRAYVILLE

Miss Agnes Teresa Farrell Becomes the Bride of C. L. Dolan in Ceremony Said at St. Bartholomew's Church—Many Enjoy Reception.

The marriage of Miss Agnes Teresa Farrell and Mr. Charles L. Dolan was solemnized at 9 o'clock Monday morning in St. Bartholomew's church at Murrayville, with the Very Rev. J. W. Healy celebrating the nuptial mass and performing the ceremony. Many were present at the church to witness the ceremony and one hundred and fifty guests attended the reception which followed at the home of the bride.

Attending the young people were Miss Bea Farrell, sister of the bride, and W. A. Lawless, a friend of the groom. The bride was becomingly dressed in white silk messaline. She wore a bridal wreath and veil and carried a white player book with streamers of orange blossoms. The bridesmaid was attired in pink silk and carried an arm bouquet of American Beauty roses. Miss Alma Flynn presided at the organ and in her usual accomplished manner played the wedding march from Mendelssohn. During the celebration of mass, Miss Stella Flynn sang the Ave Maria, in clear soprano voice.

Immediately after the ceremony the bridal party went to the home of the bride, made attractive by the use of wedding bells and spring flowers, and partook of a five-course wedding luncheon. In the cutting of the wedding cake, James Lawless, Jr. received the ring; Thomas Farrell, the dime and Richard Ryan the darning needle. In the evening a reception was held at which the young people received the felicitations of their friends as well as many handsome and useful gifts. There were present one hundred and fifty guests to enjoy the program of dances and to partake of the excellent refreshments provided.

Among the guests from a distance were P. F. Farrell of Patterson, N. J., brother of the bride; Mrs. Carver of Bluffs, Miss Lear of Chapin, Miss Minnie Guinane and brother of Alsey and a number from Jacksonville and Winchester.

INTENDS TO BACK UP M'ADOO AND WILLIAMS IN LEGAL BATTLE

Department of Justice Employs Counsel to Defend Federal Treasury Officials.

Washington, April 13.—Developments today indicated that the government intended to do its utmost to back up Secretary McAdoo of the treasury, and Comptroller of the Currency Williams in the legal fight precipitated by the Riggs National Bank claimant in inquiry proceedings to enjoin these officials from alleged attempts to drive that institution out of business through systematic and long continued persecution.

Attorney Gregory announced tonight that the department of justice had employed Louis D. Brandeis of Boston, special counsel for the interstate commerce commission in the five-percent rate case, to defend Messrs. Williams and McAdoo in the injunction proceedings. He declared his department and the treasury were in accord and co-operating in these proceedings. It became known also, that Jesse C. Adkins, former assistant attorney general, who took a prominent part in negotiations which preceded the dissolution suit under the anti-trust act against the New Haven railroad also had been retained in this case.

CONSIDERS CONTROL OF ALCOHOL

London, April 13.—(8 p. m.)—The Evening Chronicle which is in close touch with the cabinet says the government is considering a plan for complete state control of the wholesale and retail trade in the domestic supply of alcohol. The plan, the newspaper adds, involves a state monopoly in the manufacture and sale of alcoholic liquors.

ANNUAL D. A. R. CONVENTION IN WASHINGTON NEXT WEEK

Mrs. O. F. Buße Will Represent the Rev. James Caldwell Chapter, Daughters of the American Revolution, in National Society Gathering.

Mrs. O. F. Buße, regent of the Rev. James Caldwell Chapter, D. A. R., will leave tomorrow evening for Washington, D. C., to represent the Jacksonville organization at the annual convention of the National Society, Daughters of the American Revolution. The meeting will be convened Monday, Apr. 19, in Memorial Continental hall and will be in session the greater part of the week. Mrs. Buße will join the Illinois delegation at Chicago and the latter, with a number of delegates from Missouri, will go to Washington by way of special train over the Chesapeake and Ohio railroad. Stop will be made in Virginia to enable delegates to visit Monticello, the home of Thomas Jefferson.

The climax of convention week will be the election, when there will be selected a president general and other officers for the year ensuing. Although impossible to predict the final outcome, report has it that the president generalship lies between Mrs. Guernsey of Kansas and the present head of the national society, Mrs. William Cumming Story. Mrs. Story is the ninth president general, an office held originally by Mrs. Benjamin Harrison, wife of the president, 1890-'92. Other occupants of the chair have been Mrs. Adlai E. Stevenson (second and fourth president general), Mrs. John W. Foster, Mrs. Daniel Manning, Mrs. Charles W. Fairbanks, Mrs. Donald McLean and Mrs. Matthew T. Scott.

In Twenty-fifth Year.

The Daughters of the American Revolution was organized in Washington, D. C., Oct. 11, 1890, with eighteen members. The 816 persons whose applications were approved on or before Oct. 11, 1891 are charter members and up to March 1 of the present year 144, 166 persons have been admitted to membership, including women in every state and territory of the United States as well as most of the countries in Europe and some in Asia and Africa. There are 4,330 chapters in the United States and one each in Cuba, Mexico and the Philippines. Seven hundred and thirty-one real daughters of Revolutionary patriots have been admitted to the society, of whom ninety-one are still living.

Memorial Continental hall, where the convention will be held, is the national headquarters of the D. A. R. It was erected at a cost of over \$500,000, made up of contributions by the women of the nation. It is located near the main entrance of Potomac park, and faces President's park, lying between the white house and the Washington monument. The contributions toward the expense of erection, from Dec. 20, 1892, the date of the first contribution, until Feb. 28, 1915, total \$314,403.82. Of this sum, women of Illinois have contributed \$24,719.14.

The Illinois Memorial.

Many of the rooms are dedicated to states of the union and thus, the office of the recording secretary general is the Illinois memorial. All of the furnishings for this room were made in Illinois. It has been handsomely furnished by the chapters of the state with chairs of quaint design, armchairs upholstered in leather, a revolving armchair, small armchair with Mayflower panel back and small rocker of the same design upholstered in terra cotta velvet. Memorial Continental hall is a structure of great beauty and Daughters of the American Revolution the country over look upon their national headquarters with its masonry of Vermont marble and architecture of the Revolutionary period, with a feeling of pride which is deep and lasting.

DEATH OF FORMER

COUNTY SUPERINTENDENT

A message received at Carrollton, his former home Tuesday morning, announced the death of Lucian K. Jones which occurred at Chicago Sunday night after a short illness with pneumonia and yellow jaundice, says the Roodhouse Record.

Mr. Jones has been occupying an important educational position in Chicago for several years past. Before going to Chicago he had taught for a year or two at Rocky Ford, Colorado, and all his life previous to that time was spent in Greene county where he was widely known as a teacher and as county superintendent of schools, which office he held for two terms. It was at the expiration of his second term as county superintendent that he left the state and located in Colorado.

Mr. Jones was principal of the Patterson schools for a number of years, and was very popular there, as he was elsewhere in the county where he lived.

A sister, Myra Jones, has also been living in Chicago, and a brother, Fred C. Jones at Kane, this county, where their mother resides.

It is understood the body will be brought to either Carrollton or Kane for burial.

QUICKLY STOPS HEAD

COLD AND SNUFFLES

Catarrhal Germs Cause of Most Colds—New Germicidal Air Treatment Best Remedy for These Common Ailments.

Reliable authorities say that upwards of 90 per cent of the so-called colds in the head and throat are in reality dangerous indications of the presence of acute catarrh. When you hear a person sneeze or cough its almost certain they are throwing catarrh germs into the air for some other person to breathe and its just as certain that the person breathing these germs will soon have catarrh or a catarrhal cold. The time to make these germs harmless and drive out your catarrhal cold is the very instant you feel a desire to sneeze or cough, or start to snuffle and wipe your nose every few minutes.

The quickest and surest way to stop a head cold and drive catarrh germs out of your system is to pour a few drops of the oil of Hyomel (pronounced High-o-me) into one of the Hyomel inhaling devices which comes with each large package and place the inhaler between your lips and breathe the germicidal but pleasant smelling air into your nose, throat and lungs. This air utterly destroys all catarrh germ life, quickly opens the closed air passages, makes breathing easy, clears your stuffed up head, cleans out your throat and ends your snuffling and nose blowing. There certainly is no quicker or more satisfactory way of breaking up a cold, even after it is well started, and a few weeks' use will do away with all danger of chronic catarrh. Sold by druggists everywhere including Coover & Shreve who agree to return the full purchase price to any who use it and are not satisfied. In buying Hyomel for the first time be very sure to get the large size which contains the inhaler as this is very essential for best results.—Advertisement.

## PRESENT TELEGRAPH BUSINESS FROM WIDELY DIVERGENT ANGLES

Belvidere Brooks Makes His Opposition to the Commercial Telegraphers' Union, as at Present Constituted, Plain.

Chicago, April 13.—The commercial telegraph business, present subject of inquiry by the United States commission on industrial relations in session here, was presented from widely divergent angles today.

The witnesses were S. J. Konenkamp, president of the Commercial Telegraphers Union of America, who completed his testimony; Belvidere Brooks, vice-president and former general manager of the Western Union Telegraph company; Henry Lynch, a telegraph operator who claimed that his unionism forced him into exile in Winnipeg, Canada, to find work; H. B. Perham, president of the Order of Railroad Telegraphers; Edgar G. Barrett of Downers Grove, Illinois, a Western Union employee who confessed himself a former special agent or "spotter"; and Edward G. Reynolds, general manager of the Postal Telegraph and Cable company.

**Brooks Opposes Union.**  
Mr. Konenkamp was on the stand only long enough to draw together loose threads of his previous testimony. Mr. Brooks made his opposition to the Commercial Telegraphers Union, as at present constituted, plain.

"I will not say that we object to the present officials, but that interference may be drawn," he remarked. "Thirty years ago our company opposed the union, but just prior to 1907, when a strike was called which cost us \$5,000,000, the union became rejuvenated and we made no protest. Then came strike talk and we offered arbitration."

"On June 20th, 1907, through the instrumentality of Dr. Niell, commissioner of labor, and participated in by Mr. Perham and Mr. Konenkamp, then a member of the executive committee of the union, S. J. Small was president, an agreement was reached. The very next day a strike was called in San Francisco which eventually spread all over the country. Since then we have not cared to employ men interested in the union."

**Believes Wages Too Low.**  
The witness repeated considerable testimony similar to that given by President Newcomb Carlton of the same company yesterday as, for instance, that wages were not high enough.

"We cannot deal with an organization like that, as we could do with one headed by a man like Mr. Perham, or Commissioner Garrettson," he said.

Mr. Perham took the stand to explain that when the strike was called S. J. Small was on the Pacific Coast and could not be reached with news of the agreement and the men in San Francisco walked out in ignorance of it. Commissioner Aishon asked if it would be possible for Mr. Perham's executive committee to make so important an agreement and leave him in ignorance of it. Witness thought not. Mr. Perham explained that perhaps he would not be so popular with Mr. Brooks if the latter knew there were still railroad offices where he was not received.

Mr. Reynolds said that the welfare of the employees of the Postal company were his personal and special consideration. He spends much of his time making visits to the various offices. There is a union within the company, he said, officers of which take up grievances with head of the company. Vacations with pay are allowed and there is a benefit system.

## JULES FALK.

Jules Falk is one of the most interesting personalities before the concert public of America this season. His reputation as a violinist of high ability was first established by his successful career in the prominent musical centers of the old world and it was the generous recognition accorded him and his art in Berlin, Vienna, Paris and London that first commanded the attention of musical circles here.

Leaving Prague a friendly and intimate course of instruction followed in Belgium under Ysaye. Falk gave a number of recitals in London. One before King Edward, whose repeated "commands" for encores showed his delight and keen appreciation. Falk's Antonius Stradivarius violin has a well authenticated history, being one of the celebrated collection of the Count Cozio di Salabue.

## EUROPEAN WAR NOTES

Paris, via London, April 13.—(11:27 p. m.)—The following official statement concerning the campaign was issued by the war office tonight:

"The day was calm along the whole front. We maintained and consolidated our positions at the different points where we had made progress during the last eight days. "Our aviators successfully bombarded military hangars at Vigneulles, in the Meuse and dispersed, not far from Vigneulles, a battalion on the march."

Venice, via London, April 13.—(7:20 p. m.)—Messages from Vienna say that the passage of a large number of German troops through Budapest on the way to the Carpathians has somewhat reassured the Hungarian population which had become alarmed by reports that a Russian invasion threatened.

It is said that the defense of the Carpathians has been largely entrusted to Germans. Viennese journals assert that German troops have not only succeeded in repulsing the Russians but have initiated counter attacks and captured large stores of war munitions.

Vienna, via London, April 13.—(7:17 p. m.)—The following official communication was issued today at army headquarters:

"The Russian offensive which began on March 20th has now been arrested. When the attempted eruption during the Easter holidays in the Laborca and Ondava Valleys failed the enemy again attempted to advance in the wooded mountain regions on both sides of Uzok Pass but all pass during the last few days were repulsed with heavy Russian losses. On the remainder of the front the situation is unchanged."

## FEARS DEMANDS ON CHINA WILL HAVE GRAVE RESULTS

Resident Bishop in China of the Methodist Church, on Way to United States, Gives Opinion on Japanese Demands.

Honolulu, T. H., April 13.—The Rev. Dr. James W. Bashford, resident bishop in China of the Methodist Episcopal church who arrived today on the steamer Chiyu Maru, on his way to the United States, said he feared the demands made upon China by Japan would have grave results, if the demands are, in reality, what the newspapers have reported them to be.

"Missionaries depend upon the newspapers for their information as to the nature of the Japanese demands," he said.

"If these demands threaten the integrity of China, judging from wide experience with the Chinese people, I fear they will result in the gravest consequences. Were the Chinese government to submit to them or be overthrown, the history of China in similar crisis the experience of Japan in Formosa and the present temper of the Chinese, show that many years of inter-racial strife would follow the Japanese attempts to control China. This would paralyze China's industries, rob, even Japan of all material advantages of her possible overlordship and setback civilization in the far east for many generations."

"Japan, however, should be given the benefit of the doubt as to having made such demands until the facts are ascertained."

Bishop Bashford took a steamer at Shanghai. He said he expects to spend several months in the United States.

## NO BREAK IN DEADLOCK.

Pekin, April 13.—Conferences between the representatives of China and Japan were resumed today but there was no break in the deadlock which has arisen. The Chinese government declines to recede from the position it has assumed, notwithstanding the fact that the Japanese minister Eki Hiroki threatened today to discontinue the negotiations.

Sick headache, biliousness, dizziness, coated tongue, foul taste and foul breath—always trace them to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months. —Advertisement.

### SYMPTOMS

A man can read an almanac, and learn that he is sick; then he will groan about his back, in which he's found a crick. Before he read that book of dole, he never knew a smart; he was a hale and healthy soul, with sunshine in his heart. But now he hangs about his coop, his head bent to his knees; he has the symptoms of the croup, of hoof and mouth disease. A man as sound as Adam's ox, when "symptoms" get his goat, will purchase nostrums by the box, and send them down his throat. Of grievous aches and pains he'll wail, as sunny days go by, and go into a slow decline, and of his symptoms die. The "symptoms" fiend will cough three times, and to the drugstore skip, and blow for dopes his hard earned simes, and say, "I have the grip!" And when his cough has pulled its freight, "I still am sick," says he; "my present symptoms indicate I have the housemaid's knee!" Our cares are much like pains and aches which keep that fellow sore; the most of them are filmy fakes—just symptoms, nothing more. We wear away our little lives, and weep and walk the floor, and rend our hearts and beat our wives for shivers, nothing more.

Planning for the Stork's Arrival

Among these things which all women should know of, and many of them do, is a splendid external application sold in most drug stores under the name of "Mother's Friend." It is a penetrating liquid and many a mother tells how it so wonderfully aided them through the period of expectancy. Its chief purpose is to render the tendons, ligaments and muscles so pliant that nature's expansion may be accomplished without the intense strain so often characteristic of the period of expectancy.

Combing Won't Rid Hair Of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Chicago, April 13.—President Gilmore said today he just discovered that the attorneys of organized baseball in their answer to the Federal League's anti-trust suit had asked injunctions against all players who had left it for his league. CUBS HAVE FINAL PRACTICE.

Chicago, April 13.—The Chicago Nationals had their final practice today for the opening of the season tomorrow. The team will lineup as it has done on the training trip but an injured finger will probably keep Archer out of the game so that Manager Bresnahan will do most of the catching for the first few contests. Cheney or Vaughn probably will face St. Louis in the opening game tomorrow. An automobile parade will precede the contest.

EXERCISE BENEFICIAL TO WOMEN.

Strength Often May Be Gained By Judicious Activity on Part of the Sick.

The woman suffering from the ills of her sex often loses ambition and will not exert herself in the least, her muscles become flabby, her circulation bad and nerves wrecked. Another woman suffering from the same ills will lay out for herself a system of convalescent exercises of deep breathing even before leaving her bed. If the woman will write Dr. Pierce at the Invalids' Hotel, Buffalo, N. Y., she can get free medical advice in such cases, also a 1000-page book with advice on Hygiene, how to care for the sick, Sex problems, Diseases of women, etc., all for 3 dimes or 30 cents in stamps to pay for mailing.

Sick women—thousands of them, have been cured by the use of Dr. Pierce's Favorite Prescription. It is a woman's tonic that has a singleness of purpose in curing the disease of women only. It establishes regularity, heals inflammation and banishes pain. The dull, sunken eye with its dark circles which comes of suffering is banished—so too is the sallow, sunken cheek, the shrunken form—when this "Prescription" is used. It is a temperance remedy because made without alcohol—of native roots and herbs.

Women who suffer should not wait till a breakdown causes prostration. If you are anxious to correct the derangement of the delicate feminine organs, to overcome irritability and nervousness, waste no time, but get Dr. Pierce's Favorite Prescription in liquid or tablet form this very day at any medicine dealers and tomorrow you will know that you are on the highway to health and happiness. Write for free 1266-page book on diseases of women.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.—Adv.

GOLDEN WEDDING OF A FORMER MORGAN COUNTY COUPLE

Mr. and Mrs. J. B. Stevenson of Portland, Oregon, celebrate the Fiftieth Anniversary of Their Marriage.

The following account of a pleasant occasion is taken from the Oregon Journal of Portland, Oregon, a paper kindly furnished the Journal by Irvin Stevenson, cousin of the gentleman named.

J. B. Stevenson is a son of the late Elliott Stevenson, oldest of the Stevenson family who came to this country at an early day. The other brothers who lived here were William, father of Henry S. Stevenson, of this city, Fleming, father of Mrs. E. D. Dickerman and Mrs. P. C. Thyholdt; Sepimus, father of Irvin, Thomas, Fred, William and Mesdames C. S. Rannels, James Cully and George C. Guthrie.

J. B. Stevenson was born and reared in this vicinity but removed west long ago. He enlisted in the army in this place and has a number of comrades here. He is a cousin to vice president Adlai Stevenson but on his mother's side.

The golden wedding of Mr. and Mrs. J. B. Stevenson was celebrated Thursday, March 18, in the W. O. W. hall at Thirty-fourth and East Yamhill streets. The many old time friends of the couple who are pioneers of Oregon thronged the hall and witnessed the reuniting of the couple in a prettily arranged wedding ceremony. The bride and bridegroom of 50 years took their places to vice president Adlai Stevenson but on his mother's side.

## MARK TWAIN'S BIRTH PLACE IS BEING PRESERVED

Dilapidated Frame Building at  
Florida, Mo. Preserved by Citi-  
zens at Own Expense.

A dilapidated old house used for  
several years as a buggy shed and  
shelter for a neighboring farmer's  
corn fodder, the birthplace of Mark  
Twain at Florida, Monroe county,  
is to be preserved.

It is an old landmark and, situat-  
ed in an obscure place, does not at-  
tract the flow of tourists who take  
time to visit Twain's boyhood home  
in Hannibal, Mo.

Thousands of persons from every  
part of the world acquainted with  
the widely-known writings of Sam-  
uel L. Clemens have visited the  
famous humorist's old home here,  
but few have undertaken the jour-  
ney to the place where Twain first  
saw the light.

Humble in its construction and  
unoccupied as a human habitation  
for a long time, the lowly frame  
dwelling will take a place as a his-  
toric sight-seers' mecca with the  
Mark Twain boyhood home.

Platform for Pose Parties.  
The humble little one-story frame  
of three rooms has been purchased  
by M. A. Violette of Florida, and he  
will assume the responsibility of  
looking after its preservation.

He has moved it across the street  
and expects to restore it as nearly  
as possible to the same condition as  
when the boy, to whom was given  
the name of Samuel, was born to  
John M. Clemens and wife.

The roof has been restored, Mr.  
Violette, with due reference to sen-  
timent, having oaks felled and the  
boards of the roof made with an old  
fashioned frow. Even the small  
window panes are to be restored.

A platform also is to be built in  
front on which touring parties may  
have their pictures taken.

The house belonged to the Flori-  
da Presbyterian church, and a barn  
was to be built on the old site.

State Had Erected Shaft.

"It will be there as long as I am  
alive, at least," Mr. Violette said.  
Several months ago the Mark Twain  
commission, appointed by Gov. Had-  
ley, erected a shaft at the expense  
of the state at Florida to mark the  
birthplace of Clemens. This is in  
the middle of the street in front of  
the old home.

Twain did not live in Florida  
along after his birth. When Twain  
was still a mere infant John M.  
Clemens moved his family to Hanni-  
bal, where Mark spent his early life.

For years they lived in a two-  
story frame house in the main part  
of the city. The house is standing  
on Hill street and is the property  
of the city of Hannibal.

## MRS. MIRA MINK DIES AT HOME IN GALVA, ILL.

Was Formerly Miss Mira Henderson  
of Morgan County, and Family  
Well Known Here.

The following is taken from the  
Galva standard relative to the death  
of Mrs. Mira Mink, a former resident  
of Morgan County:

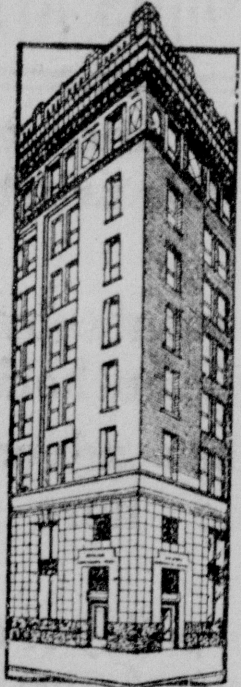

"Mrs. Mira Mink, daughter of Wil-  
liam and Lucinda Henderson, was  
born in Morgan county, Ill., July 19,

early part of her life was spent in  
the county of her birth, where she  
received her education.

ried to Benjamin Mink of Salem,  
Ohio, and soon afterward they made  
their residence in Indianapolis,  
where they remained two years. On  
account of the sickness and death of  
her mother, they came back to Mor-  
gan county to live, but in 1866 they  
came to Henry county and settled  
on a farm north

**GEORGE MADER DIES  
TUESDAY MORNING**WINCHESTER RESIDENT PASSES  
AWAY AT AGE OF 85 YEARS.

Was Former Jacksonville Citizen and Removed to Scott County Thirty-Five Years Ago—Last Registration Yesterday for the City Election Next Tuesday—Other Winchester Notes.

George Mader, Sr., one of the oldest and best known residents of Scott County, died Tuesday morning at 2 o'clock after an illness of several weeks at the residence of his son, Grant Mader. Mr. Mader was for twenty-one years a resident of Jacksonville, from 1856 to 1875, when he removed to Winchester and three years later purchased the mill which since has borne his name.

Mr. Mader was born in Germany eighty-five years ago and came to this country at an early age. He leaves a sister residing in Germany and one brother, Christopher Mader of Waverly, who was at his bedside a week before death came. Mr. Mader may be ranked among the country's pioneers as he came to America when the west for the most part was unsettled and made his way to California with the gold seekers of 1849.

Besides the brother and sister mentioned Mr. Mader is survived by one son, Grant Mader, and the younger Mr. Mader and wife throughout the weeks of illness were ready with every possible ministrations of sympathy and love to make the last days of the father comfortable. Three grandchildren survive, George Mader, Jr. of Cincinnati, who is expected to arrive today for the funeral, and Miss Maurine and Howard Mader, at home.

Funeral services will be held Thursday afternoon at 3 o'clock at the residence of Mr. and Mrs. Grant Mader.

**The Approaching Election.**

Tuesday was the last day of registration before the city election of April 20, and the total vote polled will probably be high, as the contest promises to be a warm one. Two tickets are in the field, the Local Improvement ticket, headed by Dr. H. H. Fletcher, the present mayor, and made up for the most part of the present city officials, and the Citizen's Independent ticket with George E. Thomas as the mayoralty candidate. On the Local Improvement ticket Guy Paul is running for city clerk and Robert H. Sperry for the office of city treasurer and the aldermanic candidates are W. C. Cowper, first; John B. Lashmet, second and Robert W. Woodall, third ward. With Mr. Thomas on the Citizen's Independent ticket are John Shillinger, alderman first ward; Fred Switzer, alderman second ward and Ed Rohrig, alderman for the third ward; Paul Green, city clerk, and Richard Ryan, city treasurer.

**JUSTICE COURT CASE.****Property Twice Mortgaged is Cause of Litigation.**

In Squire Coons' court Tuesday attorneys occupied most of the day in arguing a case based on a chattel mortgage. L. O. Vaught appeared for James Hurst, the complainant in the matter, and John Butler for Constable D. J. McCarthy. The court, after the several hours of argument, gave a decision in favor of the complainant. It seems that William Hagan some time ago borrowed a sum of money and gave a mortgage on a cow and horse for the amount. According to the evidence this mortgage was not placed on record and subsequently Mr. Hagan borrowed \$107 from Mr. Hurst and secured the loan with a mortgage on the animals. Later, acting for the holders of the unfilled mortgage, Constable McCarthy took possession of the horse and the cow, and according to the testimony, sold them to James Sage without giving the customary notice of sale. It therefore happened that Mr. Hurst got out a writ of replevin and it was on this part of the case that the hearing was had yesterday. The court found that the first mortgage had not been recorded, and that the customary legal notice had not been given of the sale.

SCIENCE HEALERS IS DEFEATED**

Measure is Killed by New York Assembly by Vote of Seventy-nine to Forty-six.

Albany, N. Y., April 13.—Party lines were cast aside today when the assembly defeated the Thorn bill, intended to exempt Christian Science practitioners from the state law requiring physicians to be examined and licensed. The vote was forty-six ayes to seventy-nine noes. Being an assembly measure, the bill is now dead.

Majority Leader Hinman led the opposition. He said its enactment into law would imperil public health, inasmuch as it would permit persons to practice healing without any state regulation or supervision. Sponsors for the measure were Assemblymen Thorn and Graves. Both asserted that it was the constitutional right of any person to be treated when ill in any manner he chose and that twenty-seven states had enacted laws exempting Christian Science practitioners from the provisions of the statutes governing physicians.

Work Was Begun Tuesday—Auto Visitors From Colorado Coming to City Next Week.

Under the direction of the Department of Rural Affairs of the Chamber of Commerce, men commenced the work yesterday of marking the trail of the Ocean to Ocean highway through Morgan county. They began at Alexander and will work westward until they reach the limit of the county. At certain intervals the telephone poles are marked with ten-inch red and ten-inch white bands. The Ocean to Ocean highway route through this county reaches Jacksonville from the east by the Morton road. The route continues from the insane grounds north through the business portion of the city, then west to Sandusky street and north to Walnut, when a westerly course is followed through Chapin, Bethel, and on to the limit of the county.

According to information recently sent out by the Colorado Springs Chamber of Commerce, a unique "See America" expedition will visit the states of the middle west this month. The trip will be made by auto and will cover the itinerary of about 3,000 miles. Starting from Colorado Springs and Manitou, the tourists who will be representative Colorado business and professional men, will travel directly eastward over the Pike's Peak Ocean to Ocean highway as far as Indianapolis and possibly Columbus.

The return will be over a circuitous route touching Chicago, St. Louis, Kansas City and other points, somewhat subject to change, indicates that the tourists will start from Colorado today, April 14. They will visit various cities in Colorado, Kansas and Missouri from this date until April 20. That day and the succeeding two days they will be in Illinois and among the cities along the route to be visited will be Baylis, Griggsville, Jacksonville, Springfield, Decatur, Tusculum, Hume and Chrisman. Several succeeding days will take the travelers into Ohio and Indiana and on the 29th they will arrive in Chicago on the Lincoln highway. Then the itinerary will take them to Iowa, Missouri, Kansas and back to Colorado.

Springfield, Ills. April 13.—While praying in the chapel of St. John's Hospital, Sister Mary Magdelene, a daughter of George Joyce, a former officer in the British army, received burns which resulted in her death, eight hours after the accident.
